Section 2

Customer Information Sheet

Multiple Awards Contract: One that is awarded to multiple contractors (2 or more) for same and similar products and services at similar costs. Multiple award doesn't pertain to the number of buyers ordering from the contract but instead the number of contractors receiving the award from a common bid or negotiation process.

CMAS Legislation: Public Contract Code Sections 10290 et seq. and 12101.5 include approval for local government agencies to use CMAS for both products and services.

Who Qualifies: Any city, county, city and county, district, or other local government body or corporation including the California State Universities (CSU) and the University of California (UC) systems, K-12 schools and Community colleges, empowered to expend PUBLIC FUNDS.

Order Limits: NONE

Steps for ordering from CMAS:

1. Send Purchase Order (PO) to Deep Energy Solutions **AND** Department of General Services (see below for addresses) by either mail or fax. Purchase orders should be your own and issued directly to Deep Energy Solutions.
2. Purchase orders should include: Name of agency, CMAS contract number 4-18-56-0077A, quantity and unit cost.
3. Once PO is processed by Deep Energy Solutions. A representative will contact you to schedule delivery.
4. Once PO is processed by the department of General Services, they will bill the local agency and administrative fee. Please visit DGS at www.dgs.ca.gov/publications (click on price book) to determine what your current fee would be. **DO NOT INCLUDE THESE FEES ON A PURCHASE ORDER.** Note Deep Energy Solutions is classified as a small business and is exempt from the administrative fees.
5. Upon delivery of the product, Deep Energy Solutions will send you an invoice for payment. Payment is net 30 days.

DON'T JUST PAINT, INSULATE

Purchase orders should be sent to both of the following addresses:

1. Deep Energy Solutions
P.O. Box 256
Wildomar, CA 92595
FAX: 888-866-4597
2. Department of General Services
Division- Data Management
707 Third Street, Second Floor, MS 2-2002
West Sacramento, CA 95605-2811

Section 3

Deep Energy Solutions List of Products

Deep Energy Solutions is offering the state of California, including local government Agencies, the same products and/or services, similar terms and conditions, and pricing from the enclosed Federal General Services Administration (GSA) Schedules.

Part Number	Product Name	Product Description (Up to 1,000 characters)	Unit of Issue	MSRP	CMAS Cost
ACS CIC	ASC CIC 4.0	<p>Spray on Ceramic Insulation Coating formulated for insulating the building envelope. A one-part, spray-on Ceramic Insulation Coating addresses all three types of heat transfer- Conduction, Convection and Radiation. It reflects 97% of solar radiation, lowers the temperature of hot machinery, insulates against ambient temperatures, and eliminates condensation. It is effective as:</p> <ul style="list-style-type: none"> • Air Barrier to control air leakage into and out of the building envelope • Thermal Barrier to block the transfer of heat or cold • Vapor Barrier to block Moisture and Condensation • Acoustic Barrier to dampen noise <p>CIC Heat Block has been used effectively to reduce energy costs when used in the building envelope.</p> <p>5 Gallons Coverage: 45-55 square feet per gallon at 20 mils (0.020"/0.5mm) 40 mils is recommended for most applications, applied in thin coats 72 hours is required for the full curing time. Formula: ACS CIC 4.0 Water Cleanup Class A Fire Rated</p>	1	\$225.00	\$180.00
CHB-AFLX	CIC Heat Block Introduction Kit with Flex Application Spray Gun	<ul style="list-style-type: none"> • Flex App Spray Gun • 5 feet of 5/8" braided vinyl tubing • Barbed Connector • Small Mixing Paddle • Wet Mil Gage • 2 Gallons of CIC Heat Block • Application Instructions 	1	\$245.00	\$189.00
CHB-ASPR	CIC Heat Block Introduction Kit with 1 QT Aluminum Sprayer	<ul style="list-style-type: none"> • 1 Qt Aluminum Sprayer • Small Mixing Paddle • Wet Mil Gage • 2 Gallons of CIC Heat Block • Application Instructions 	1	\$245.00	\$189.00

BST-2Gal	Boost 2 Gallons	<p>Spray on Ceramic Insulation Coating for Rigid HVAC Ducting</p> <ul style="list-style-type: none"> • Seals and Insulates Ducts to Eliminate Air Leakage • Eliminates Moisture, Mold and Corrosion Under Insulation. • Keeps Hot And Cold Air Inside The Ducts Preventing Energy Losses • Which Will Decreases the HVAC Unit Run Time Saving Energy and Money • Provides RvE (Value Equivalency) Comparable To R9 – R15 With Just 1mm Thickness <p>2 Gallons Coverage: 45-55 square feet per gallon at 20 mils (0.020"/0.5mm) 40 mils is recommended for most applications, applied in thin coats 72 hours is required for the full curing time. Formula: ACS CIC 4.0 Water Cleanup Class A Fire Rated</p>	1	\$112.50	\$90.00
BST-AFLX	CIC Boost Application Kit with CIC Flex Application Spray Gun	<ul style="list-style-type: none"> • Flex App Spray Gun • 5 feet of 5/8" braided vinyl tubing • Barbed Connector • Small Mixing Paddle • Wet Mil Gage • 2 Gallons of CIC Boost • Application Instructions 	1	\$245.00	\$189.99
BST-ASPR	CIC Boost Application Kit with CIC 1 QT Aluminum Sprayer	<ul style="list-style-type: none"> • 1 Qt Aluminum Sprayer • Small Mixing Paddle • Wet Mil Gage • 2 Gallons of CIC Boost • Application Instructions 	1	\$245.00	\$189.99

Deep Energy Solutions accepts the state of California CMAS Terms and Conditions, Non-Information Technology Products and Non-Information Technology Services without exception.

- Minimum order requirements: n/a
- Contractor Address and Contact Information:
 - Dan Bechtel
 - Deep Energy Solutions
 - P.O. Box 256
 - Wildomar, CA 92595
 - info@deepenergysolutions.com
 - 951-344-1243 (phone)
 - 888-866-4597 (fax)
- Cal-Card (Visa) is not accepted, credit card payments are accepted through PayPal for an additional fee.
- The NSP (Not Specifically Priced) provision is not requested
